**Subject:** Application Exclusion Zone Fact Sheet

All—

This morning, EPA posted a fact sheet and FAQ's for the Application Exclusion Zone (AEZ) under the Worker Protection Standard (WPS). The AEZ is intended to establish minimum exclusion zones around ongoing pesticide applications.

More information (including the fact sheet) may be found online [HERE](#).

A PDF of the Fact Sheet may be found [HERE](#).

Let us know if you have any questions. Feel free to pass this along.

Tate
